

3 NM WRECK LIGHT

VLB-5X-WRECK

Yellow and Blue Alternating Light

The **VLB-5X Wreck Light** is Vega's 3 NM Wreck Light. Based on the proven design of Vega's top selling marine beacon, the **VLB-5X**. The VLB-5X Wreck Light provides you with the quality and performance you need when deployed.

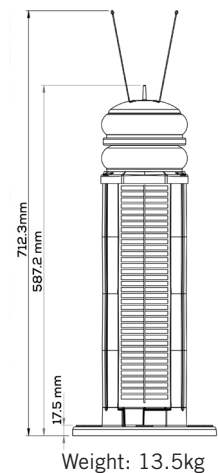

IALA-compliant, the VLB-5X Wreck Light offers:

- Yellow and blue alternating light
- 7° vertical divergence
- Flash character:
Blue 1.0s + 0.5s + Yellow 1.0s + 0.5 = 3.0s
- Preset to 3 NM, 0.74T, no background light at night (15cd)
- Hard-wired and GPS sync options.

Available in four different models: SA, SS, LS1 or LS2.

Please refer to the VLB-5X brochure for more information.

Please direct all sales inquires to email sales@vega.co.nz.
